

Cosmas Cheruiyot Tiongik

Software Developer

About Me

I am a creative and skilled software developer with experience in several programming languages and technologies, including Nuxt.js, Vue.js, Django, Node.js, Supabase, MongoDB, Tailwind CSS, and JavaScript. I am passionate about developing high-quality software solutions that meet the needs of users and businesses. I am also a fast learner and a team player who is always willing to learn new things and work collaboratively with others.

Education

I am a third year student pursuing Bachelor of Business Information Technology (BIT), Kabarak University, 2020-2024

Technical Skills

Apart from what we are learning in school am conversant with following
Programming Languages: JavaScript, Python, TypeScript, SQL, SQL3

Frameworks and Libraries: Nuxt.js, Vue.js, Django, Node.js, Supabase, MongoDB, Tailwind CSS

Tools and Technologies: Git, Docker, Agile Development, RESTful APIs,

Personal Experience

I have develop and maintained web applications using Nuxt.js, Vue.js, and Tailwind CSS,

worked collaboratively with other developers, designers , to deliver high-quality software solutions that met client requirements.

Implemented RESTful APIs using Node.js and MongoDB to enable seamless data transfer between different applications.

Actively participated in code reviews and testing to ensure the quality of the software and adherence to best practices.

Contributed to the documentation of software solutions to ensure that they were well-documented and easy to understand for other developers.
